

MIGHTY®

Mighty® Dog Toys *rethink durability* and approach it from a new angle.

Durability is created for each toy with multiple layers of flexible materials that move with the dog's teeth instead of tearing. Compared to other toys, Mighty® dog toys have no hard edges. The result is that these toys do not promote chewing—great when you're trying to discourage chewing habits.

These toys may seem plush on the outside, but all the durability features are internal making these toys soft, yet MIGHTY® strong.

DURABLE SEAMS

All seams are located inside the toy to discourage chewing. Vulnerable seams are protected by sewing a flexible material over the edge of the seam.

UP TO
4 ROWS OF
STITCHING

All material seams have multiple rows of stitching, are covered with a layer of soft, flexible material and sewn together with more rows of stitching, creating a soft and durable toy with no hard edges!

UP TO
2 LAYERS OF
MATERIAL

Outside layer is made of a tight-woven sherpa-style fleece – the result is good flexibility with high durability. Inside material is made of tight-woven brushed fleece of the heaviest weight and highest durability.

MIGHTY® NO STUFF!

2 LAYERS OF MATERIAL

Each toy has up to two layers of material. One layer of heavy fleece and one layer of durable, luggage-grade material underneath. These two layers are what gives the toy its strength.

2 TOYS IN 1

There is no white stuffing because the inside of the toy is a plastic core in the same shape as the toy. If your dog removes the outer fleece covering, there's a whole new toy inside!

HIGH DURABILITY AND QUALITY

Each toy incorporates quality materials that provide the highest level of durability.

MULTIPLE ROWS OF STITCHING

Two rows of cross-stitching hold the two outer layers of the toy together, and when possible the inside seams are sewn up two more times.

MIGHTY® NO STUFF!

Mighty® No Stuff Rings contain **NO** white poly stuffing!

The core of each ring is tough and durable, so if your dog does get to the core it's just like having a whole new toy to play with! These toys may seem plush on the outside, but all the durability features are internal making them soft, yet MIGHTY® strong.

The Mighty® Dog Bed Core is zippered so you can add or remove filling and customize the firmness of your dog's bed. The core is easily removable for washing and fits perfectly with Mighty Dog Bed Sheets. SHEETS SOLD SEPARATELY.

Machine Washable

Our durable, zippered soft fleece sheets are machine washable and dryable (on Low). Since you can buy more than one set of sheets, you can wash them at your convenience!

Keeping your dog's sheets fresh and clean is important, so be sure to wash your dog's bed sheets each week when you change the sheets on your own bed.

Removable & Replaceable

Our removable sheets are also replaceable, so if they ever tear or become worn they can be replaced like bed sheets without having to purchase a brand new bed. Mix and match colors to customize your dog's bed to your home. Each part of our bed including the durable covers and stuffing can be replaced, saving you money and giving your dog a familiar bed for life.

THE LAST DOG BED YOU WILL EVER NEED!

Available in Four Colors and Three Sizes!

Customize your dog bed with four different color options! Because our sheets are sold separately, you can choose from Desert Tan, Sage Green, Midnight Blue and Wine Red to match your home decor, or simply give your pup a little variety.

Two Piece Design

Our unique two piece design (pillow mat and bolster) makes our bed versatile and portable for travel. The removable bottom cushion can be used as a travel mat or crate mat to promote the familiarity of home in a not-so-familiar place, like the boarding kennel or a camping trip.

Saving Money

Replaceable parts save you money. Now you can replace the worn part and not the entire bed. By not having to repeatedly purchase new beds for your pet, you can spend the savings elsewhere. Your dog will thank you because they will never have the hassle of having to learn to like their new bed and getting it to smell like something that belongs to them. Just replace the parts you need.

Pack 'n Go DOG PACK

A durable shoulder pack with premium attachments and plenty of room for you and your dog's needs while out in the park, on a beautiful hike or on an everyday walk. Keep everything together for those long trips and car rides as well!

Free up your hands by attaching your dog's leash to the carabiner.

Shoulder Strap:

The all-in-one pattern makes this shoulder strap extra durable for everyday use. There is plenty of padding and an accompanying shoulder pocket for on-the-fly treats. The shoulder strap is fully adjustable and can detach from the base.

Detachable Bowls:

Two bowls that zip right from the back of your Dog Pack and can quickly be used as a water dish, food bowl or for their collection of toys!

Zipaway Water Bladder:

Want the water without the whole pack? Detach the water bladder and strap it around your waist for easy travel! The water bladder is set inside a larger pouch which also zips away from the Pack 'n Go for easy refill. The hose and easy-pour spout fit snugly onto the shoulder strap and can be removed easily for Fido's quick drink.
